What importance they gave to one issue or the other, I can't speak to that. I don't know.

THE WITNESS: We'd have to check the minutes to see what they say. I do recall a discussion of that with the board where counsel updated the board. But whether that was an executive session that didn't get detail in the minutes, again, I don't know without going through all of these.

MS. STEINGART: To the extent such a document exists, such a reference in the board minutes exists, I would ask that it be produced.

BY MS. STEINGART:

Q. Let's talk about what you did in furtherance of this directive. I'd like to show you what we've marked as 22 and 23.

A. (Reviews document.)

MS. STEINGART: Actually, as part of 23 there are two copies of the officer's certificate. You can take off that last one. It's not signed.

MS. DELANEY: Do you want it removed from the exhibit?

23 MS. STEINGART: Yeah, could you 24 remove it.

MS. DELANEY: Blue page and all?

but --

- Q. Well, evidently you stood in for Mr. Monaghan.
- A. Maybe. But yes, officer's certificate signed by me. That is my signature.
- Q. Do you understand what an officer's certificate is?
 - A. Yes.
- Q. If you look at paragraph 3 with me.
 - A. Uh-huh.
- Q. And in paragraph 3 you certify that all conditions precedent, provided for in the indenture relating to the execution and delivery of the second supplemental indenture dated as of the date hereof among NorthWestern Energy, LLC and the trustee including any covenants compliance which constitute a condition precedent have been complied with."

Do you see that?

- A. Yes, I do.
 - Q. What did you do to satisfy yourself that that was correct?

Page 223

MS. STEINGART: Yes. Thank you. THE WITNESS: (Reviews document.)

BY MS. STEINGART:
Q. My only question with respect

- to 22 is whether you recognize it to be the second supplemental indenture that you executed on behalf of NorthWest Energy on or about August 13, 2002?
 - A. I believe that it is.
 - Q. And with respect to 23 --
- 11 A. Was I supposed to remove something?
- Q. Yeah, just the blue page and beyond.
 - A. (Complies.)
 - Q. And with respect to 23, that is the officer's certificate that you executed in August 2002 in connection with that second supplemental indenture.
 - A. (Reviews document.) Well, it's an officer's certificate and that is my signature. I'm not sure why it says "The undersigned, David A. Monaghan, in his capacity as CEO does hereby certify on behalf of NorthWestern Energy that..."

A. I reviewed the documents that are referenced in that case, it's the second supplement and the fourth, it's the indenture, and required of other management, particularly Mr. Monaghan, and of counsel, basically whether the conditions stated were in compliance.

- Q. Well, doesn't paragraph 6 say that counsel was relying on you?
- A. It indicates that Paul Hastings will rely on the accuracy and truth of the foregoing for purposes of rendering its opinion to the trustee. But the conversations I had were with -- Euclid Irving was one of the attorneys advising on the -- advising me and NorthWestern Energy, LLC on the transaction.
- Q. So you certified paragraph 3based on what Mr. Monaghan told you?MS. DELANEY: Objection.
